

A survivor can't heal in isolation — Together we grow.

We invite you to write a message of hope to a survivor of sexualized violence on this leaf. Send this leaf back to us with your donation, and we will pin it to a branch on our Community Tree. The Community Tree is displayed in our support group space, and is a visible reminder to survivors of sexualized violence that they are believed, supported, and valued by our community.

If you prefer to participate digitally a copy of this leaf can be found at www.wavaw.ca/leaf, and can be returned via e-mail to fundrasing@wavaw.ca
